Access Barriers - financial, legal and technical

nature

€2,844

Journal of Mathematical Sciences €12,844

ELSEVIER

Brain Research €21,440

All Springer Journals €2,520,412.27

OPEN ACCESS

New Technology

+

Old Tradition

(the willingness of scientists and scholars to publish the fruits of their research)

The world-wide electronic distribution of the peer-reviewed journal literature and completely free and unrestricted access to it

Budapest Declaration by the Budapest Open Access Initiative 2002

COOPERATION WITH INTECH

Several modes of collaboration, depending on project and desires

- personalised approach to collaboration
- efficient publication process enabling fast research sharing
- tailored softwares

1. BOOKS

- authors
- editors
- advisors (members of Advisory board within a subject)

2. JOURNALS

- authors
- reviewers
- guest editors for special issue
- members of editorial boards

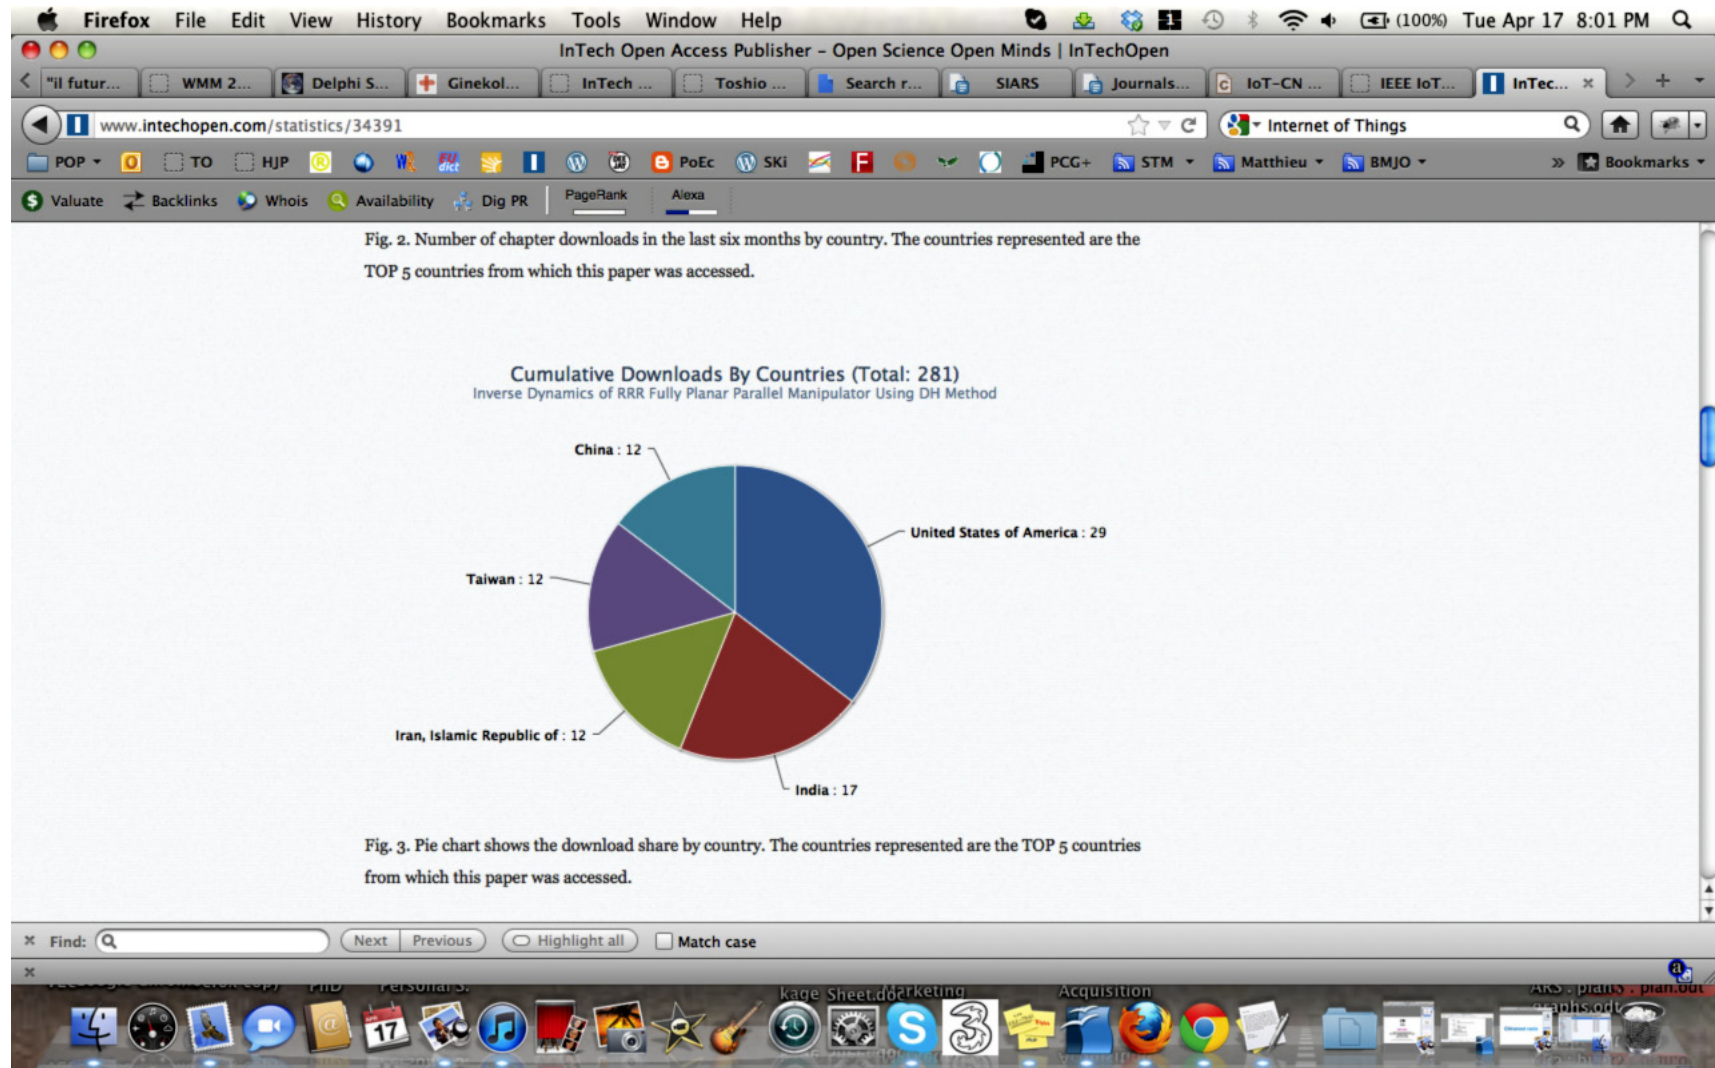

3. SCIENTIFIC ASSOCIATES

- reviewing book proposals
- providing latest information from the field
- pointing to new cooperation opportunities

PROMOTION

**Open Access increases
research Citation
Impact**

PUBLICATION METRICS AND HISTORY

THE SCIENTIFIC PUBLISHING
LANDSCAPE JUST GOT
A LITTLE BIT
MORE INTERESTING...!

COLLABORATION
SUPPORT
VISIBILITY
RECOGNITION

COLLABORATION - sharing researchers results with the entire scientific community accelerates the pace of scientific discovery

SUPPORT - ongoing support during and after the publishing process, enabling researchers to focus on what you do best

VISIBILITY - disseminating researchers work throughout the global scientific community

RECOGNITION - providing new publishing opportunities for academics worldwide
